Cookie acknowledgment banner

A cookie acknowledgement banner now displays to inform all users that we collect essential cookies. It appears on SilkRoad login screens. Clicking **Got it** acknowledges that you have seen the message and removes the banner.

We use essential cookies to make our site work. For example, we use cookies to enable security and network management functionality. You may be presented with choices in parts of this application that allow you to consent to the use of additional cookies. You can read more about our use of cookies by clicking Read More. New online Help

SilkRoad Performance online Help got a makeover! It has a new look and better features to help you find the Help topics you need.

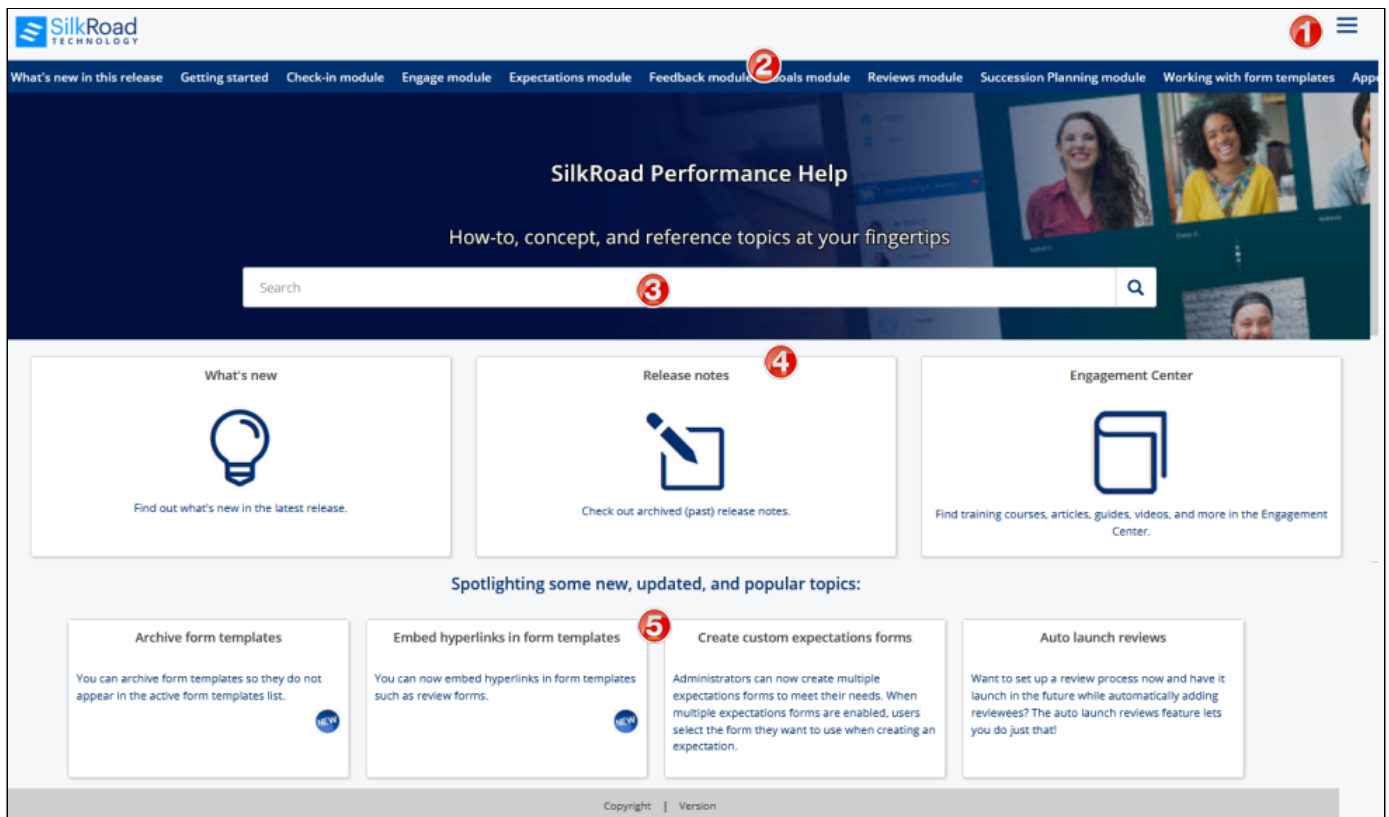

Prefer a video? Click the video icon to learn about the Help system:

Prefer to read about it? Here's a summary:

Landing page

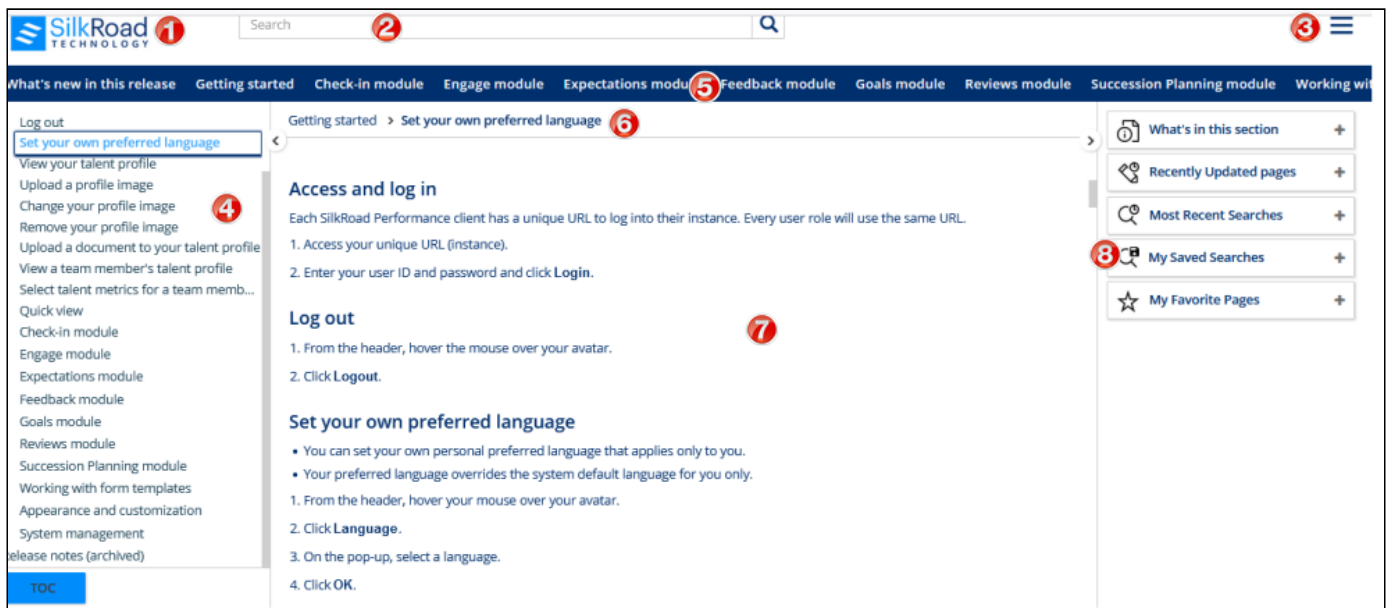

The landing page is what you first see when you access Help.

	Name	Description
1	Hamburger menu	Toggle to expand or collapse the table of contents. When expanded, contents are shown on the left side of the page.
2	Contents ribbon menu	Displays the top level of the Help system's contents. Click to expand to see topics.
3	Search	Enter keywords to search for topics.
4	Rotator tiles	Contains rotator tiles, which are quick links to current release notes and What's New documents/video, archived release notes, and SilkRoad Engagement Center. Click a rotator tile to go to that topic or URL.
5	Promoted content tiles	Contains promoted content, which are new or popular topics. Click a promoted content tile to go to that topic.

Content page

The content page is where the help topics are located. It opens after you perform a search or click topics on the landing page.

	Name	Description
1	Logo	Click to go to the landing page.
2	Search	Enter keywords to search for topics.

	Name	Description
3	Hamburger menu	Toggle to expand or collapse the table of contents. When expanded, contents are shown on the left side of the page.
4	Left navigation (Contents)	Displays the topics in the Help system. Click to expand a section to see topics.
5	Contents ribbon menu	Displays the top level of the Help system's contents. Click to expand to see topics,
6	Breadcrumbs	Shows you where you are in the Help system.
7	Content panel	Displays help topics so you can get the information you need to complete tasks, learn concepts, troubleshoot, and more.
8	Widgets	What's in this section: Expand to see topics in the selected section. This is a mini table of contents. Recently Updated pages: Expand to see recently updated topics. Click a topic to go directly to that topic. Most Recent Searches: Expand to see your most recent searches. My Saved Searches: Expand to see your saved searches. (This feature only works if your browser is <i>not</i> set to delete browser history when browser is closed.) My Favorite Pages: Expand to see topics (pages) you marked as favorites. (This feature only works if your browser is <i>not</i> set to delete browser history when browser is closed.)

Responsive design

Online Help is responsive, which means you can view it on your mobile devices. Here's an example of the responsive landing page:

More info

- Click [here](#) for full release notes.
- Click [here](#) for information about early adopter process, supported languages and browsers, and more.
