

# SilkRoad Onboarding

## Release Notes

### v2019.4

### September 2019

---

#### API changes

No changes in this release.

#### New features and improvements

New features and improvements are summarized here. Need more details? Click [here](#).

Module	Release note	Key	Salesforce number
Dashboard	The default logo for SilkRoad Technology has been updated.	SWFT-10116	
eForms	Improved how Apple Preview operates with radio buttons on eForm pdfs.	SWFT-9554	
eForms	Enhanced the integration with Adobe Sign to maintain the user experience within Onboarding.	SWFT-9816	
I-9 Form	A new privilege has been added to control which users can remove Form I-9 and E-Verify tasks from an event. To remove tasks, the user must be able to access the employee's event and have the I-9 Remove Tasks privilege.	SWFT-10067	
Localization	Added Arabic as a supported portal language.	SWFT-10316	
Localization	Updated localization strings for all supported languages.	SWFT-8521	
Reports	Task and Assignee Promptness reports have been updated to include columns related to expired tasks.	SWFT-9975	
Task Management	Task can be configured to expire based on event or task dates. While not completed, expired	SWFT-8809	

<b>Module</b>	<b>Release note</b>	<b>Key</b>	<b>Salesforce number</b>
	<p>tasks allow an employees event to progress with child tasks activating or events completing. Expired tasks are tasks that no longer need to be completed or do not apply to an event. This is an optional configuration.</p> <p>"Powered by SilkRoad Technology" log has been updated.</p>	SWFT-10235	

## **Resolved issues**

<b>Module</b>	<b>Release note</b>	<b>Key</b>	<b>Salesforce number</b>
I-9 Form	Addressed issue that prevented the printout of Form I-9 when the responsive version is used with a cursor signing process. Forms completed in the past now print correctly.	SWFT-9966	
Download Package	Updated third party component to address issues when a PDF is created in a new version of Adobe Acrobat and then is included in a download package.	SWFT-9642	00793065
I-9 Form	Addressed issue with the display of the citizenship selection on PDF of the responsive Form I-9.	SWFT-10207	
I-9 Form	Corrected help text for the Middle Name on the responsive Form I-9 to instruct the user to enter N/A when they do not have a middle name. Corrected support to enter N/A, and not limit text entry to a single character.	SWFT-10282	
Task Management	The task definition hierarchy filters now includes a selection for version to allow task administrators to view the task hierarchy as it was in the past. The version number and date are listed in the filter, "View Hierarchy Versions" adds the person that published the version with the date/time.	SWFT-10217	
eForms	Improved how line breaks are applied to blocks of text in offer letters and eForm Builder forms.	SWFT-10041	

Module	Release note	Key	Salesforce number
Security	Addressed issue when the password security level was not able to be changed.	SWFT-9915	
Task Management	Addressed issues when editing event definitions in multiple languages.	SWFT-9811	
I-9 Form	Addressed issue that prevents launching re-verification events when an employee record included a future termination date.	SWFT-9809	
I-9 Form	Addressed issue where the print out (PDF) of the responsive Form I-9 only displayed a single line in the Additional Information field in section 2.	SWFT-10238	
Employee Record	Addressed issue that prevented a user from unretiring an account when the user does not have access to view the entire employee record. As long as all required fields are present on the account being unretired, a user who cannot view the fields can unretire the account.	SWFT-9896	00794181
Task Management	Addressed issue where cloned task definitions did not display in the task hierarchy.	SWFT-9830	00794198
I-9 Form	Addressed issue when reopening the responsive Form I-9 to change the Section 2 values.	SWFT-10331
