Release Notes

2022.4 | September 2022

New features and improvements

New features and improvements are summarized here. Need more details? Click [here](#).

Module	Release Note	Key	Salesforce Number
Employee Purge	Added the Event Category filter to the employee purge rules so that you can now exclude an employee from being added to the purge using an event category.	RND-5203	
Employee Purge	Added a new Manage Employee Purge feature to prevent users with dependencies from being added to the purge queue automatically.	RND-5141	
SOAP API	Updated the RedCarpet API so that Expired Tasks return the task status of "Expired"	RND-6222	
Task Management	Created a new eCourse task icon to indicate which tasks have an eCourse associated in the task definition view.	RND-5054	
Team Management	Added a Team permission to restrict access to the Show Discussion section of a user's profile.	RND-4756	
Team Management	Added a new feature that allows Profile fields to be permissioned via teams. When editing a team, team controllers can now set what profile fields a team member can/cannot view when viewing a profile.	RND-4654

Known issues

Module	Release Note	Key	Salesforce Number
eForms	If a PDF that has a signing certificate applied is converted to a PDF/A format by SilkRoad, the signature will be invalidated because the PDF has changed. SilkRoad will need to prevent conversion of these PDFs. PDFs are converted in the UI by RND-1183 or the API by RND-1181	RND-2909
