Latest 2024.8

December 16, 2024

Resolved Issues

The “Manager Review Completed Date” displays an incorrect date of 1/1/0001 in the printed PDF. This date has been removed and will display as blank until the bug has been fixed.

A 2nd Level Manager Review label was cut off on the Review Dashboard. This has been corrected.

2024.7

December 9, 2024

Resolved Issues

Icons in Email templates and data rules were not in the correct Rival Color palette. This has been corrected.

We resolved an issue where the Manager Information is not updating in the PDF version of the review (Goals Section) after an employee switched manager in the middle of the review process.

2024.6

November 15, 2024

Announcement!

Due to the upcoming Thanksgiving holiday, all staging and test Perform sites will be upgraded between November 25, 2024 and November 27, 2024. Your staging or test site may be unavailable for a short period of time during the upgrade. Thank you for your understanding.

Resolved Issues

When a manager was removed or updated in the system, the *Manager Review* completion date for an active review process was incorrect. Previously, it was replaced with the date that the user made the change in the system, which was incorrect. Now, the date has been corrected for more accurate representation.

2024.5

November 11, 2024

Resolved Issues

To enhance accessibility standards, we have added an accessible tooltip to reflect your brand logo on the UI.

All colors have been updated to meet accessible-friendly color schemes. This includes all icons, buttons, inputs, labels, 9-boxes, pie charts, donut charts, bar charts, graphs, feedback analysis colors, progress bars, and check-in wizards.

2024.4

October 28, 2024

What's New

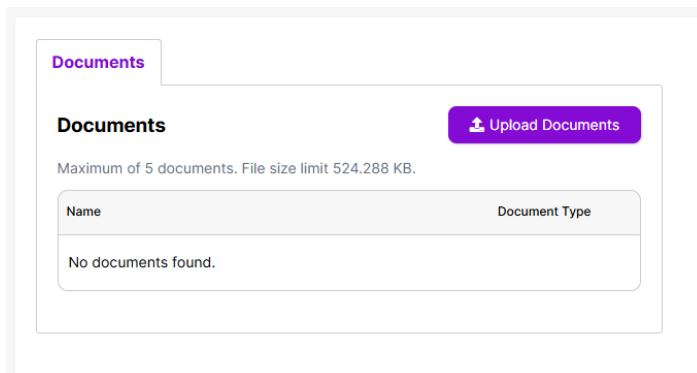

Upload Documents for Managers

Managers and admins will now be able to upload and delete documents directly in an Employee's profile.

Simply:

1. Navigate to the Employee's Profile from their avatar.
2. Click on the Documents tab
3. Click Upload Documents to select the file
4. Choose the file > Open > OK

To delete a file, simply click the trash can icon and confirm you want it deleted.

The screenshot shows a web interface for managing documents. At the top, there's a tab labeled 'Documents'. Below it, the heading 'Documents' is followed by a purple button with a document icon and the text 'Upload Documents'. A note states 'Maximum of 5 documents. File size limit 524,288 KB.' Below this is a table with two columns: 'Name' and 'Document Type'. The table currently contains the text 'No documents found.'

Resolved Issues

In continuation of the Rival rebrand, we updated all legacy "Agile Performance" Product title in the browser tab to the correct product name, "Perform".

2024.3

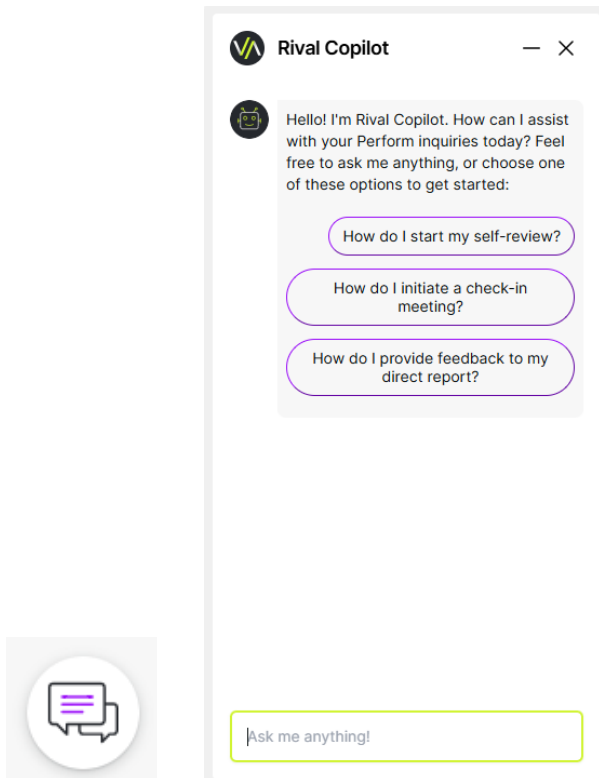

October 17, 2024

What's New

Rival Copilot

Introducing Rival Copilot! Rival Copilot is a generative AI based question-and-answering system. Rival Copilot offers fast access to Help content so you can quickly learn product concepts, tackle your daily how-to tasks, and get clarity on head-scratching roadblocks.

How does it work? Select one of the prepopulated questions or enter a question of your own:

You can also leave feedback on your experience with Copilot! Rival Copilot is available to all users with access to Rival Perform.

2024.2

March 16, 2024

Resolved issues

In Rival Perform (detached version), resolved an issue where users with email address/user names containing an apostrophe could not be assigned as a manager because the update would fail in integrations.

2024.1

February 28, 2024

Resolved issues

Resolved an issue where the Integration logs timed out, preventing the results from populating. With this update, logs populate with three months of records but can be filtered to show older results.
