New features and improvements

New features and improvements are summarized here. Need more details? Click [here](#).

Module	Release Note	Key	Salesforce Number
ATS	On the Resumes Advanced Search page when you have added the 'Fail Flag' and/or the 'Evaluation Score' column to the page, the results can now be sorted by those two columns.	RND-1266	
ATS	Here are two new enhancements to the Offer Approval page: - A time-stamp now appears next to the date in the existing Date Responded column when the actual approver approved or rejected the offer via the link in the email or the buttons on the card on the Task List page. - When the offer has been approved or rejected by an ATS user on behalf of someone else, the system now displays the name of the person who approved the offer on behalf of that selected approver as well as the date and time that was done.	RND-3420	
ATS	On the My Account page in the Interview Scheduling section, the label that used to be "Link Calendar and Set Preferred Availability" is now "Set Preferred Availability."	RND-3573	
ATS	A new setting has been added to the Settings page: Icon for Veteran Candidates. This setting controls whether a flag icon appears next to a candidate's name on the Resume Advance Search page and Candidate profile when that candidate has indicated that they are a U.S. military veteran.	RND-3910	
ATS	An icon now appears beside a candidate's name on the Resume Advanced Search page and Candidate Profile if that candidate applied to a job posting via an internal career site.	RND-5380	
ATS	There's a new setting, Displayed Hiring Information Fields, on the Settings page in the ATS. Users with access to the Settings page can determine which ones of the standard system fields should or should not display on the page where the Hire Information is entered.	RND-5382	
ATS	There's a new setting, Displayed Offer Information Fields, on the Settings page in the ATS. Users with access to the Settings page can determine which	RND-5394	

ones of the standard system fields should or should not display on the page where the Offer Information is entered.

ATS	With this ticket we made an enhancement to two different areas in the ATS. - On the Jobs Dashboard, the career site listed in the Career Site column is now a link. When clicked, the link lets you view the job posting on the external Candidate Experience career site in a new browser tab. Note: The career site name will only be a link if the job is posted on an external Candidate Experience (CX) career site for which the Candidate Experience redirect setting is enabled. - At the bottom of the Job Posting Details page if the job is posted on an external Candidate Experience (CX) career site for which the Candidate Experience redirect setting is enabled, there will be a link you can click to view that job posting on that career site.	RND-5739
ATS	The numbers in the My Review Requests column on the Jobs Advanced Search page are now links. When you click on any number, you are routed to your Task List page.	RND-5806
ATS	When a candidate profile is associated with a different job via the Change Job option, any answers that the candidate provided to the OFCCP Disability and/or Veteran Status question are carried over in the profile.	RND-5847
ATS	When setting up a new fee agency or editing an existing one, you can now select one of the following three options: - Allow this fee agency to submit any candidate - Do not allow this fee agency to submit candidates who are already linked to the same job - Do not allow this fee agency to submit candidates who already exist in the system	RND-5941
ATS	Some performance improvements have been made to the Approved Requisition by Date report.	RND-6009
ATS	Here are two new enhancements to the Requisition Approval page: - A time-stamp is now appears next to the date in the existing Date Responded column whenever the actual approver approved or rejected the requisition via the link in the email or the buttons on the card on the Task List page. - When the requisition has been approved or rejected by an ATS user on behalf of someone else, the system now displays the name of the person who approved the requisition on behalf of that selected approver as well as the	RND-6021

date and time that this was done.

ATS	The Evergreen Job field has been added to the list of fields listed in the Displayed Job Fields setting so that users do not see that option when creating or editing job postings.	RND-6069
ATS	The Evergreen Job field has been added to the list of fields listed in the Displayed Requisition Fields setting so that users do not see that option when creating or editing requisitions.	RND-6070

Resolved issues

Module	Release Note	Key	Salesforce Number
ATS	The date listed in the Date Approved column is the date that the last approver approved the requisition. Examples: - If there is only one approver on the requisition, then it is the date that approver approved the requisition. - If there are two or more approvers on the requisition, it is the date that the very last approver approved the requisition.	RND-5823	
ATS	Fixed an issue with the pager on the Candidate Profile page whenever the user arrived on the profile page from the My Requested Reviews chart on the Recruiter dashboard.	RND-6079
