

SilkRoad Recruiting Release Notes v2022.4 | July 8, 2022

New features and improvements

New features and improvements are summarized here.

Module	Release Note	Key	Salesforce Number
ATS	A new column labeled Start Date has been added to the Job Statistics Candidate EEO report. This column shows the date that was selected as the Start Date for the candidate when they were moved into the Hired stage.	RND-4933	
ATS	You can now add attachments to the emails that are sent to selected approvers for job offers. On the page where you select the approvers, the candidate's attachments that are linked to that profile are listed, and the system will then send whatever documents you select as attachments with the Offer Approval email.	RND-5274	
ATS	We made an enhancement that now filters out requisition approvals on the Task List that are tied to requisitions that are no longer active requisitions.	RND-6199	
ATS	We made an enhancement that now filters out offer approvals on the Task List that are tied to offers for job postings that have been closed.	RND-6214
