

SilkRoad Recruiting Release Notes v2022.6 | August 12, 2022

New features and improvements

Module	Release Note	Key	Salesforce Number	Release Note Status
Candidate Experience	By default, any link and button on a Candidate Experience career site that refers to the Job List route the job seeker to the Candidate Experience Job List page. However, if you want to route job seekers to a page other than the Candidate Experience Job List page, enter the URL of your preferred Job List page into this new field on the Job List settings page: <i>Job List Override URL</i> . Candidate Experience	Online Help is now available for Candidate Experience. The Help system has a landing page that highlights new and popular features, provides quick links to release notes, and more. Easily search for topics, save searches, mark topics as favorites, and share topics with colleagues. To access, click the Help link at the top of any Candidate Experience page.	RND-6231		External
