ATS	With this ticket we are deploying the brand new Internal Candidate Experience (CX) career sites. The way internal CX career sites work and are set-up essentially mirrors the way external CX career sites work & are configured. There are a few settings in the CX Admin portal for External CX career sites that are not an option for Internal CX career sites, because this would not be functionality that would be used for internal career sites: * Google Job Postings setting * Open Submissions setting * Fee Agency Job Details Page * Fee Agency Application Form * Fee Agency Presubmission Text * AddThis Plugin setting * The 'How did you hear about us?' field We did add a few new fields that are now available for Internal CX career sites when configuring the Job Details page and the Application Form. Job Details Page: * Hiring Manager Application Form: * Current Department * Current Supervisor * Current Position Title * Current Work Phone No. * Current Work Location	RND-538
